GROCHAU CELLARS

Winery Name: Grochau Cellars

Owner/Winemaker: John Grochau

Year Founded: 2002

Winery Location: in the Eola-Amity Hills above Amity, Oregon (Willamette Valley)

About: John Grochau was first introduced to wine and the winemaking landscape in his early 20's, while racing bicycles for a French team in the Loire Valley. For several years, he raced through some of France's most revered winemaking regions including Champagne, Burgundy and the across the Loire Valley. When he returned to his hometown of Portland, Oregon, he went to work in the restaurant business and quickly discovered an even greater appreciation for wine. That passion led him to Brick House Vineyards, where he worked alongside winemaker Doug Tunnel for four years. With Grochau's restaurant experience, there was a natural progression as a winemaker to craft food-friendly wines that enhance a meal. Grochau strives to make wines that are **balanced, textured** and **expressive of place**. Inspired by the diversity of the Willamette Valley's soils and microclimates, Grochau sources fruit from seven organic and sustainably-farmed vineyards. Grapes are hand-harvested and wines undergo a slow, natural fermentation. Working with grape varieties with a legacy in the Willamette Valley – namely Pinot Noir and Pinot Blanc – Grochau also seeks to showcase the potential of emerging varieties like Melon de Bourgogne and Gamay.

Case Production: 6,500

Bottled: June 29, 2020

To me, most wines in this price point show winemaking more than the place where the grapes came from. With the Commuter Cuvée, we aim to make a wine that has a bright, pure expression of the Willamette Valley. This is a blend of 11 vineyards from all around the Willamette Valley, our biggest blend every year.

Vineyards: *Eola-Amity Hills AVA: Bieze, Björnson, Redford-Wetle Farm, Vivid, Zenith Tualatin Hills AVA: Cherry Grove, Cochran Chehalem Mountains AVA: Lia's Vineyard*

Vintage: A relatively mild and early winter was followed by a wet, yet warm spring. The growing season saw a few mild frosts during late April, but started off warmer than average, moderating through mid-vintage with fewer than average heat spikes and near-record precipitation during June and July. The vintage will be remembered for the early rains in September and rapid cool down into October which challenged harvesting decisions.

Winemaking: Hand sorted and mostly destemmed, and only 5% whole cluster fermentation this vintage. Aged 8 months on lees, 30% in stainless steel, 68% in French oak, and 2% in concrete tank.
